

QUALIFICATION PROCEDURE FOR CENTRAL AMERICAN AND CARIBBEAN GAMES 2022

The Pan American Hockey Federation (PAHF) is keeping the premise that all its member countries should have the opportunity to qualify for the Pan American Games through a regional tournament held during the two years immediately preceding the Pan American Games year.

Since it is very likely to have more than eight (8) entries for the Central American and Caribbean Games going forward, and as there are eighteen (18) PAHF member nations that are members of the CACSO, a qualification competition, open to all eligible countries, would be held to determine the remaining places except those pre-qualified under the criteria below.

The following is the official qualification procedure for the men and women's hockey tournaments at the XXIV Central American and Caribbean Games 2022 to be held in TBD:

1. Host Country Panama
2. The top five (5) teams from the previous edition of the Central American and Caribbean Games. Hence the qualified teams from the XXIII Central American and Caribbean Games (Columbia 2018) are:
 - a. Men: (Cuba, Mexico, Trinidad & Tobago, Guyana, Barbados)
 - b. Women: (Cuba, Mexico, Trinidad & Tobago, Barbados, Dominican Republic)
3. The next two (2) qualified countries will be the first and second placed teams from the "CAC 2022 qualifying event" that must be completed before 31 December 2021, in Bermuda.
 - a. If there are two or less participant countries entered for the qualifying event, the country(ies) confirmed will be automatically qualified for the XXIV Central American and Caribbean Games 2022.
 - b. If held, all cost for participating in this qualifying event is the responsibility of the host and participant National Associations. The PAHF will be responsible for covering the cost of neutral officials for such competition.
4. If the host withdrawals, the next highest ranked team for the CAC Qualifier will qualify for the event.
