Mr. Felix Paulino
Manager
Dominican Republic Hockey Team

Dear Sir

Breaching of FIH Code of Conduct

A hearing to investigate the charge of a level 1 offence, “Inappropriate and deliberate physical contact between players in the course of play.” brought against the player 2 Jeffery Moncion was convened in the Tournament Director’s office on November 16, 2014.

During the hearing Mr. Moncion did accepted the charge and proceeded to explain his actions.

Having reviewed the evidence, which included video footage of the incident, it was determined that the action of the player though inappropriate, was without any malicious intent hence the decision of the Tournament Director is **that the player is reprimanded for his action.**
